CORPORATE OVERVIEW

Annuit Coeptis & Associates Inc (ACAI) specializes in business development administration and strategies, professional consulting services for construction, mechanical, electrical & plumbing projects, providing expert MEP support for commercial construction. We assemble business teams to serve local, state, and federal government projects across the nation. With over 44 years of combined experience in project and program management, we are well-equipped to deliver top-tier construction and labor solutions.

At ACAI, we provide consulting, quality assurance, program and project management services to enhance small businesses by leveraging relationships to gain larger customer base for increased revenues and improve project execution performance through experienced management capabilities. Services also include providing financial services and solutions for select clients through ACAI's ecosystem network.
